Indianapolis, IN - December 11, 2013

Lisa Mason Lee Joins Real Scene TV

Coming off of her one-year reign as the "Face of MyINDY-TV 23," Lisa Mason Lee is moving onto her next opportunity! Having reeled in more clients and revenue than the other previous winners, Lee's on-camera and behind the scenes talents (filming, producing, editing) are undeniably a commodity for any business looking to further succeed.

Lee expresses, "When I was the Face of MyINDY-TV 23, it was my goal to take the position to a new level. I was the first Face who ever produced their own original show (My Entertainment Minute), and the first Face to bring in the most 'Face' business to the station."

To say the least, Miss Lee likes to go big. Before the Face position, Lee spent time between Hollywood and Las Vegas acting and writing. Some of her accomplishments include becoming one of the top 500 most subscribed YouTubers globally, a published writer and reporter on People.com, MTV.com and Hollyscoop.com. Lee even acted in movie "Alvin and the Chipmunks" and co-starred in a web series alongside Audrina Patridge.

This year, during Lee's time back in Indy, she made her directorial debut at the Indiana Short Film Festival, where her documentary short was chosen as an official selection. Another one of Lee's recent and favorite accomplishments, is her acting performance in an Emmy nominated commercial. Lee shared the screen with the Butler Bulldog mascots, and the commercial received an Emmy nomination for its great production.

Lee continues, "I take pride in working hard and seeing projects through until everyone is satisfied. I am looking forward to creating new material with people who care just as much as I do about it."

You can currently catch Lisa commentating on daytime show "TMZ Live" via TMZ.com, and also on the local late night TV show "Real Scene TV," airing every other Saturday following "Saturday Night Live" on WTHR Channel 13.
